SourceWeb is a BI software for payroll accounting, human capital management, CRM, web analytics and accounting.

The screenshot displays the SourceWeb website interface. At the top, the SourceWeb logo and name are visible. Below the navigation bar, the 'SourceWeb Payroll' profile is shown. The 'Statistics' section includes a bar chart of commits over time, a radar chart of skills, and a table of languages. The 'Languages' table lists Python (20.0%), JavaScript (15.0%), Java (10.0%), PHP (10.0%), and Ruby (5.0%). The 'Main developer' section lists the developer 'SourceWebGroup' with a GitHub link. The 'Basic data' section lists the developer as 'SourceWebGroup', the programming language as 'PHP/Pruby', the category as 'Business Intelligence', and the license as 'Proprietary'. The website is German-speaking, and the URL 'payroll.sourceweb.com' is provided at the bottom.

## Security

**Your data is safe with us!**

Our IT infrastructure and the entire application layer are certified to the highest security standards of the PCI:DSS (Payment Card Industry Data Security Standard). Our company is continuously audited by three independent IT security companies. Any vulnerabilities found, no matter how small, are remedied immediately upon discovery and under the supervision of the contracted security companies.

The IT security companies are:

- Sectigo Hackerguardian
- Qualys, Inc.
- usd AG

Credit card data and other sensitive data such as account information, payment data and passwords are stored exclusively in highly encrypted form, so that even our employees have no access to this data.

We ensure that your payment data cannot be misused.

Our certification confirms that the payment portal of the SourceWeb Group (central.sourceweb.ag) meets the complex requirements of the PCI Security Standard.
